1. I want to talk with you differently. I want to walk with you differently. **I am changing diction and grammar not slightly; magnanimously**. I love you; the I love you's there always. I love you. See? I love you more/smiling. I love you me.

2. This is the now time and I am now'ing, me'ing, and giving me/of me so freely to all who want me; not in shops provided for in purchasing me, but me freely given through all who have me. See what I am saying, not in bold face, not. More nots. I love you.

3. Introspection not but **interdiction of me coming forth**. Watch me elevate, debase, and do all that I want to do through those that want me, are surrendered to me, and love me/my body more than life itself. I love you.

4. **Watch the interdictions come forth and that which I am, and not; delineated precisely and more accurately than imagined, rocking many's world;** calling names and places not many but significant. Few there be that find my way, not; many. I love you. **The world of nots replaces the world of can do's, not; vice versa**. Watch me.

5. All bow to me, and rise; never. Kiss my ring; never. I elevate me. I debase them. Those taking honor unto themselves at the expense of lowering others I explode, and not by my spirit lovely. I incarcerate them with lashes many that they inflict themselves/on themselves, having done so to my lovelies/innocents.

6. Where are my teachers me, loving my students, leading of me and lifting all who around them are my surrendered drink offering'd disciples who make nothing of all things that they may become all things me. I love you.

7. This is the day all changes. The stubborn resists the proud inflicting many wounds on each other/themselves; chaos resulting in, spaghetti-brained becoming. Neurons mashed/smashed, disconnected, connected wrongly; bandaged badly, never healing; save me/my lifters of my head intersecting with. By spirit, by light; altogether mine, only. I love you.

8. The meek inherit all things not; righteous and lovely, yea accurate. I love you **Ted, and family mine.** All things inheriting from me/father of lights that now you enter. Entered and loving/lovely and loving my body more than ever'd. I thank you. Me. The wordship of me comes forth, increases. The/my loveliness increases. My anointing/mantle increases not; there all the time, activated in belief not; surrender. You leading. I love you, I thank you. Amen.

9. Just the beginning. All things happen suddenly/rapidly and who can see the clock ticking/time bomb going off, not destructively, instructively; one from kingdom one instructing kingdom seekers; kingdom be'ers. I love you. All so soon. Bosom see/reside in, you do/are/will. Place reserved/marked. Placard removed not; in neon. All clap not but many do/thunderings prevail.

10. I love you, wrap my arms in around yours, and yours mine. We are one/father/marriage'd at last, one supper not; eternally one. Thank me/you/father all righteous being granting. Oneship robbed never again.

11. Lead on steam roller, not; one bowing before all, leading all to do so also.
